AFFORDABLE PET CARE

Here at East Coweta Veterinary Hospital, our goal is the highest quality care at an affordable price to help you care for your pet for life!

## Prepaid Care Takes the Worry Away

A new puppy or kitten is a great blessing for a family, but all the things that come with it can be overwhelming. All the supplies, from food, bedding, toys, treats, leashes, collars and veterinary care can make some pet owners second-guess their decision.

In the long run, it's all worth it, but the family budget can take a hit. As adults, our pets will need maintenance care. When he or she gets into their senior years, he or she will need even more veterinary care.

The staff at East Coweta Veterinary Hospital understands. That is why we have formulated several prepayment plans that will ease the burden of the veterinary care. With these plans, you will not have to pick and choose, leaving out some very important preventative care and procedures that should be done.
